

Chris Mueller
Director, Government Affairs

June 15, 2016

Dear Municipal Official:

I am writing to you as part of our ongoing efforts to keep you apprised of developments affecting Time Warner Cable (now Charter Communications) subscribers in the Western New York Division.

Time Warner Cable's agreements with programmers and broadcasters to carry their services and stations routinely expire from time to time. We are usually able to obtain renewals or extensions of such agreements, but in order to comply with applicable regulations, we must inform you when an agreement is about to expire. The following agreements are due to expire soon, and we may be required to cease carriage of one or more of these services/stations in the near future where these services are offered:

WVTT-CD, Music Choice channels 1900-1950, POP SD&HD, Pivot, TV One SD&HD, Outdoor Channel SD&HD, Fuse SD&HD, GMA Life TV, GMA Pinoy, Aspire, Weather Channel SD&HD, RFD, YooToo

In addition, from time to time, we make certain changes in the services that we offer in order to better serve our customers. The following changes are planned:

WNYO DT3 will be added to City of Buffalo, Dunkirk, Olean/Olean North/Wellsville, WNY Suburban, Erie County, Genesee/Wyoming, Orleans/Niagara on or about June 17, 2016

Some of the new services listed above cannot be accessed by CableCard-equipped Unidirectional Digital Cable Products purchased at retail without additional, two-way capable equipment. You may downgrade or terminate service without charge at any time. Further, if carriage of a premium channel is discontinued and you have incurred installation, upgrade or other one-time charges relating to such premium service within six months prior to the date of the change, you may elect to downgrade or terminate service within 30 days and obtain a rebate of any such charge.

If you have any questions or concerns please feel free to contact me at 585-756-1326.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Mueller", written over a horizontal line.
